

## Circuit Manifolds

### AFD

#### HOW TO ORDER

| AFD           | 04         | 03                      |
|---------------|------------|-------------------------|
| SERIES NUMBER | VALVE SIZE | QTY OF CONNECTED VALVES |

#### SPECIFICATION

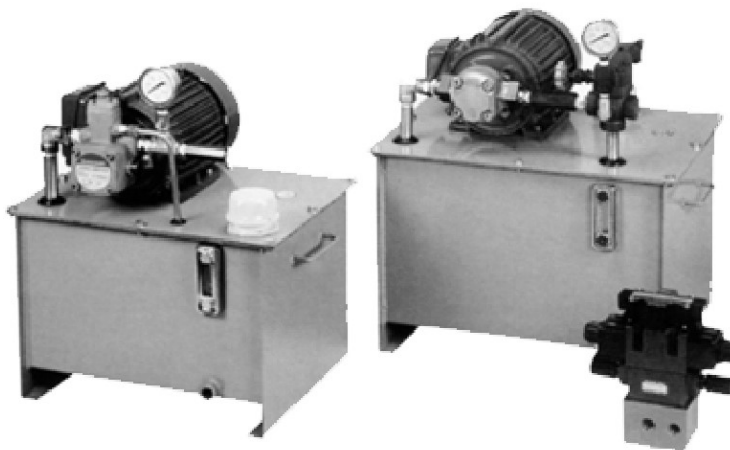

| MODEL  | VALVE SIZE (PT) | MAX. OPERATED PRESSURE (kgf/cm <sup>2</sup> ) | MAX. OPERATED PRESSURE (kgf/cm <sup>2</sup> ) |
|--------|-----------------|-----------------------------------------------|-----------------------------------------------|
| AFD-02 | 1/4             | 350                                           | 1-10                                          |
| AFD-03 | 3/8             | 350                                           | 1-10                                          |
| AFD-04 | 1/2             | 350                                           | 1-10                                          |
| AFD-06 | 3/4             | 350                                           | 1-10                                          |
